FINDINGS AND DECISION

This medical fee dispute is decided pursuant to Texas Labor Code §413.031 and all applicable, adopted rules of the Texas Department of Insurance, Division of Workers' Compensation.

Background

1. Former 28 Texas Administrative Code §133.305 sets out the procedures for resolving medical fee disputes.
2. Former 28 Texas Administrative Code §134.401 sets out the fee guideline for acute care inpatient hospital services.
3. Former 28 Texas Administrative Code §134.1 provides for fair and reasonable reimbursement of health care in the absence of an applicable fee guideline.
4. Texas Labor Code §413.011 sets forth provisions regarding reimbursement policies and guidelines.
5. The services in dispute were reduced/denied by the respondent with the following reason codes:
 - M – Reduced to Fair and Reasonable
 - 426 – REDUCED TO FAIR AND REASONABLE

Findings

1. This dispute relates to inpatient hospital services with reimbursement subject to the provisions of former 28 Texas Administrative Code §134.401(c)(5), which requires that "When the following ICD-9 diagnosis codes are listed as the primary diagnosis, reimbursement for the entire admission shall be at a fair and reasonable rate: (A) Trauma (ICD-9 codes 800.0-959.50)." Review of box 67 on the hospital bill finds that the principle diagnosis code is listed as 836.2. The Division therefore determines that this inpatient admission shall be reimbursed at a fair and reasonable rate pursuant to Division rule at 28 Texas Administrative Code §134.1 and Texas Labor Code §413.011(d).
2. Former 28 Texas Administrative Code §134.1(f), effective October 7, 1991, 16 *Texas Register* 5210, requires that "Reimbursement for services not identified in an established fee guideline shall be reimbursed at fair and reasonable rates as described in the Texas Workers' Compensation Act, sec. 8.21(b) [currently Texas Labor Code §413.011(d)], until such period that specific fee guidelines are established by the commission."
3. Texas Labor Code §413.011(d) requires that fee guidelines must be fair and reasonable and designed to ensure the quality of medical care and to achieve effective medical cost control. The guidelines may not provide for payment of a fee in excess of the fee charged for similar treatment of an injured individual of an equivalent standard of living and paid by that individual or by someone acting on that individual's behalf. It further requires that the Division consider the increased security of payment afforded by the Act in establishing the fee guidelines.
4. Former 28 Texas Administrative Code §133.305(d)(10), effective June 3, 1991, 16 *Texas Register* 2830, requires that the request shall include "a summary of the requesting party's position regarding the dispute." Review of the documentation submitted by the requestor finds that the request does not include a summary of the requesting party's position regarding the dispute. The Division concludes that the requestor has not met the requirements of §133.305(d)(10).
5. Review of the submitted documentation finds that:
 - The requestor did not submit a position statement for consideration in this dispute.
 - The requestor has not articulated a methodology under which fair and reasonable reimbursement should be calculated.
 - The requestor does not discuss or explain how payment of the amount sought would result in a fair and reasonable reimbursement for the services in this dispute.
 - The requestor did not submit documentation to support that the payment amount being sought is a fair and reasonable rate of reimbursement for the disputed services.
 - The requestor does not discuss or explain how payment of the requested amount would satisfy the requirements of 28 Texas Administrative Code §134.1.
6. The request for additional reimbursement is not supported. Thorough review of the documentation submitted by the requestor finds that the requestor has not demonstrated or justified that payment of the amount sought would be a fair and reasonable rate of reimbursement for the services in dispute. Additional payment cannot be recommended.

Conclusion

The Division would like to emphasize that individual medical fee dispute outcomes rely upon the evidence presented by the requestor and respondent during dispute resolution, and the thorough review and consideration of that evidence. After thorough review and consideration of all the evidence presented by the parties to this dispute, it is determined that the submitted documentation does not support the reimbursement amount sought by the requestor. The Division concludes that this dispute was not filed in the form and manner prescribed under 28 Texas Administrative Code §133.305. The Division further concludes that the requestor failed to support its position that additional reimbursement is due. As a result, the amount ordered is \$0.00.

ORDER

Based upon the documentation submitted by the parties and in accordance with the provisions of Texas Labor Code §413.031, the Division has determined that the requestor is entitled to \$0.00 reimbursement for the disputed services.
